

What is the name of this tool?

- ☐ Tellurometer
- ☐ Multimeter
- ☐ Levels
- ☐ Circuit board

What is this tool used for?

- ☐ To measure resistance in ohms
- ☐ To measure current
- ☐ To measure voltage
- ☐ To fasten the end of a conductive cable

Electric resistance is typically measured in what units?

- ☐ Ampere
- ☐ Ohm
- ☐ Volt
- ☐ Joule

Which of the following is called a circuit breaker?

What is the name of this object?

- ☐ Electrical outlet
- ☐ A switch
- ☐ A domino
- ☐ A button
